I'll take a quick look at it before CC gets back.

Sharle! Sharle! What, what? A disk?

I can smell something so — ally good!

And I smell something really good from Sharle too!

SMELL?

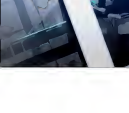

MARTINA: WEREN'T YOU IN CC'S OFFICE?

That tin-can robot moved me here.

Like I said! What is that, can I go in it?

NO.

Gosh!

Because Sharle doesn't use me much nowadays, I'm super bored! Play with me!

YOU JUST HAVE TO SHOW UP WHEN YOU'RE NEEDED.

You jerk!

YOU DO YOU EVEN KNOW WHAT I MEAN?

ALSO: I TOLD YOU! DON'T ACTIVATE THE DEVICE WITHOUT MY PERMISSION—

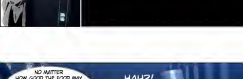

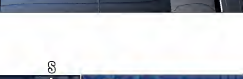

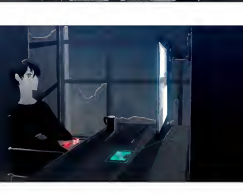

It can't be helped! Sharle can only hear my voice when it's on!

And right now,

CC has it set so that I can only turn on Sharle's device, so every day is so boring and lonely...

There's nothing Sharle can do with Martina...
